

## PAYMENT OF FEES

The yearly fee is payable as follows:

	Full Fee	Reduced Fee
Six weeks before beginning of term	\$200.00	\$200.00
On entrance	\$400.00	2/5 of balance
Opening date of next quarter	\$400.00	2/5 of balance
Opening date of third quarter	\$200.00	The balance

The College cannot guarantee that a place will be reserved for any student after a date six weeks before the beginning of the term unless \$200.00 has been deposited with the College by this time. This deposit is not refundable except at Faculty direction if the student withdraws after this date, since a withdrawal from a reserved place at the last moment may create a vacancy which otherwise would have been filled. When students are admitted after this date the deposit must be made within ten days of notification of acceptance and before arrival.

If a student attends all four quarters in a given year, the extra fee for the fourth quarter is due as follows: one-half of fee for this quarter thirty days prior to opening date of quarter; balance on opening date of quarter.

The only other fees are:

Application fee	\$ 5.00
Contingency deposit	\$25.00
Examination for graduation	\$25.00
Fee for late payment of any bill	\$10.00

The application fee must accompany application for admission to the College and is not refundable. Applicants who are accepted by the College should make the contingency deposit of \$25.00 within ten days of notification of acceptance, since admission does not become effective until this deposit is received. It is not refundable if the new student fails to enter. While a student is in attendance it must be maintained; but any unused portion of it is refunded upon graduation or withdrawal. Bills are payable on the date of the bill and if not paid within ten days are subject to the fee for late payment.

In cases where students are called into military service charges are made on an exact pro rata basis up to a week preceding the date of induction into the armed forces. Any amount in excess of this that has been paid is refunded. All future tuition payments although contracted for are of course canceled.

## COURSES

The following courses were offered during the first three quarters of the 1944-45 Session and represent, in a somewhat limited way, the area covered in a given year. The curriculum for 1945-46 will be much less limited than this, since additions will be made to the Faculty.

For other courses that may be available, consult the College catalogue. Courses are given when there is sufficient demand for them. Tutorials for advanced students are given when need arises, and are not listed below.
